At Akasha, we utilize intravenous (IV) vitamin and nutrient drips to help support the body during times of stress, exhaustion, and acute or chronic illness.

IV therapy administers vitamins, amino acids, minerals, antioxidants, and nutrients **directly into the bloodstream** producing the **highest level of absorption** and utilization of the nutrients at the cellular level.

If you have inflammation, chronic disease, digestive problems, or simply don't eat enough fruits or vegetables, regular **IV therapy treatments will help you reduce inflammation and restore your health and vitality.**

- Anti-Aging
- After Party
- Beauty and Hair
- Cold and Flu Immune Support
- Cardiovascular Health
- Detox
- Digestion Support
- Exercise Endurance
- Fatigue
- Faster Weight Loss

- Skin and Respiratory Allergies

A balance of body, mind, spirit and advanced medicine.

**You have many facets.
We connect with all of them.**

"I visit the Akasha Center and see Dr. de Mello for regular check-ups and preventative health. In addition to body wellness, The Akasha Center also cares for the health of my mind (my thoughts) and my spirit (my attitude about and in the life experience)."
